It Can't Happen Here follows the ascent of a demagogue who becomes President of the United States by promising to return the country to greatness. Witnessing the new President's tyranny from the sidelines is a liberal, middle-class newspaper editor who trusts the system will fix itself—until he ends up in a prison camp.

Sinclair Lewis' eerily prescient 1935 novel gets a fresh update in this adaptation that examines what brings a citizenry to the point of sacrificing its own freedom and how a courageous few can prevail to overcome the fall.

The Very Little Theatre, one of the oldest and most successful community theaters in the country will be opening it's 91st SEASON with this show!
